

Mul-T-Lock Classic Platform

Mul-T-Lock's Classic platform is based on several special features:

- ▶ Mul-T-Lock's unique telescopic pin tumbler mechanism, with internal and external pins – requiring the simultaneous alignment of both internal and external shear lines for the plug to rotate.
- ▶ A specially designed plug, which forms a spherical, 3-dimensional shear line with the top and bottom pins, within the cylinder body.
- ▶ Steel inserts with high drill resistance
- ▶ High pick and bumping resistance
- ▶ Optional side and back pins, specially suited for master key systems.
- ▶ A coded Mul-T-Lock key card supplied in every package, to enhance key security. Additional keys may be cut by authorized Mul-T-Lock dealers, upon presentation of the key card – in accordance with Mul-T-Lock's official key cutting procedures.

The Classic platform meets the requirements of some of the most stringent European and American standards.
